Will of Perry Flynt

In the name of God Amen, I **Perry Flynt** of the **County of Madison and State of Alabama**, do make and declare this my last will Testament in manner and form following.

I assign my soul unto the hands of Almighty God hoping and believing in a remission of my sins by the merits of Jesus Christ, and my body I commit to the earth to be buried at the discretion of my Executor known after named; and my worldly estate I give and divide as follows.

First after the death of my **wife, Martha Flynt** the crop that is then on hand is to be finished. Then all the Negroes belonging to my Estate are to be valued and divided by five disinterested persons amongst my children except one, not named, and that one, I give to my **son Amasa Flynt**, to be taken out of my stock of Negroes, at the time of a division amongst the other children, without being valued to him, as his own property and after taking out one Negro as his own, he the said **Amasa Flynt** is to have an equal share of the Negro property with the other children. I also give to my **son, Amasa Flynt** all that he can make off of my Plantation after supporting the family each year during his Mother's life time.

Secondly, I have heretofore given to my **daughter, Elizabeth Thomasson** one Negro girl named, Niner, which I value to her at five hundred dollars and she **Elizabeth Thomasson** is not to have any more of the Negro property.

Thirdly, I give and bequeath unto the **heirs of Pendleton Flynt deceased**, whose names are **Lucy Ann Flynt, James Colwell Flynt, Younger Tarpley Flynt and Elizabeth Pendleton Flynt**, my wish is that each of these children receive a common English education to be paid out of my Estate and each to have one hundred dollars in money and a good horse, bridle and saddle as they become of age.

Fourthly all the stock of every description is to be sold at the time of said division except a cow and calf to be given to each of the following children to wit; **Jeremiah Flynt, Amasa Flynt, Julia Flynt and Nairas Flynt**. These children are each to have a bed and furniture equal to those that have had heretofore and all the residue of my household and kitchen furniture and all the lands belong to my estate are to be sold and these children who get Negro property of less value are to have their portion made up to them out of the proceeds of the land and other property that is to be sold the balance of those monies are to be divided amongst all my children except **Pendleton Flynt's** children who have been theretofore provided for.

Fifthly, I hereby appoint my **son Amasa Flynt** my Executor of this my last will and testament and my wish is and I hereby expressly declare that my said Executer, his Executor or Executors, shall not be charged with made accountable for more of the monies or effects of my Estate than shall have come into their possession respectively by virtue of this my will, or with or for any loss which I shall happen to the said monies or Estates here by me given to the heirs of my Estate or any part of my personal Estate so as such loss happens without his or their willful neglect or default.

In testimony whereof I have hereunto set my hand and affixed my seal this **sixteenth day of September in the year of our Lord one thousand eight hundred and forty six.**

Letter from Perry Flynt to his son Tarpley

Submitted by: Gladys Kempe

Mrs. Gladys Kempe, Shiner, Texas, shares the following letter from Perry Flynt, written by his son Tarpley, to John P. Flynt. She feels the plantation mentioned could have been Perry's North Carolina home. From court records Perry bought 125 acres on Ash Camp Creek, in 1800, plus other lands; sold in the years 1805, 1811, and 1813, a total of 392 acres on Ash Camp Creek in Stokes County, North Carolina.

Dear Cousin:

Through the request of Father I take my pen to inform you that we are all well hoping that these few lines may find you with the balance of the connescion enjoying the same. Father received your letter the 10th of this month which gave us considerable satisfaction to hear that you were well.

Well **Cousin John**, Father wants you to sell them oats for what you can get and find some person to make up that fence, have the timber taken care of and none made use of only to keep up the plantation. You wanted to know what was the least he would take for the land. You can sell it for three hundred dollars cash in hand in United States paper of specie. If you can get no more if you can get to sell it, bind the bargain and Father will come and make the deed as the wright is in him. Know **Jane** has been to Illinois and Indiana and Ohio and got all the facts of the land. She and Father has come to a settlement and Father has a general warrant tee deed. If you should sell, have them bound so they cannot fly when Father comes and if you cannot sell you must rent it out to the best advantage. Father wants you to find out if anything could be got out of Stultz for the rent of that land that he has received or not or whether his property is not in such a situation that it cannot be taken.

Well **Proctor** you said something about my not writing to you I have nothing of importance to write. I have had a very bad cold for the last week attended with a severe cough. I am not as heavy by twenty pounds as I was when I was there. As for the girls I have nothing to do with them more than to watch their actions they cut some high swills. Sometime tell **Cousin Elizabeth** thar shop is not here for it I have the best Claim to it. Tell **Nancy, Lucinda, Allen, Fountain and William** that I want to hear from them all every chance. Well, **Cousin John and Proctor** there has been some weddings in this settlement. Miss Sally Ganers was married a week or two ago to a Mr. Glades of Limestone County and she is gone in welcome. I say Mr. Gibson and Miss Sarah Erwin is also marrya. Nothing more give respects to all connescion.
