

Sunday P.M., 16 - 66

Dear Bob and all, was
real glad to get a note
from you, but as for me
giving much enlightenment
on the family tree is
all most as obsolete
as you, However Cora
has told me who Arthur
mother's name, and he had
a sister and Fred was
his half brother. Felix's
grandmother said Mrs
Bowie came from Mississippi
and lived on the Watson
farm below him on the
hill, said they lived
there several yrs till
Arthur was old enough
to work in store in
Newport, and then he
moved his mom up

There, and that's all I know.
 Your great grandfather
~~and~~ Capt Felix Dimmons
 and Grand name was
 Theodora Saxon, before Monie.
 She and Papa Felix came
 from Florida in a covered
 Wagon and settled there
 where they all ways lived,
 on the Hill where Cora's
 Dad was born, and
 He lived and raised
 all his children there.
 Your grandmother was
 Name ~~Dimmons~~ Kitenberg. I didn't
 know her people But
 have tried so hard to
 find out, Cora never
 did know either.
 My children get to talking
 some time said they
 would like to know

About my Father's people too
 But all I know was their
 names and they lived
 in Ohio My Dad wandered
 South in lumbering
 and went home to see
 them once a year we
 never seemed to have
 money enough to make
 trip with him for as long
 and after he died we
 lost all track of them.
 So you and I have
 something in common
 So don't feel too bad
 about it. That's the way
 it was in Bible times.
 Just be glad honey of
 your family, for we
 know our background
 was O.K. I never heard
 of any of them

Being in Jail ⁴ Went up to
see Max on business
last week, said our
Cora seemed better physically
But still has such bad
memory, you will never
know how much I've
missed her, Marge has
just left and said
some warm day she
would come take me
to see her, Bless her
dear sweet heart, she was
all ways so precious
to me, And she loved
you so too. We wonder
why some times why
these things happen to
us some times Felix
gets like that. I worry
all time, But he really
is getting fable, And

⁵
Not too much better
I'm so crippled up,
Get real disgusted
with my self, But just
one of those things,
So I hobbles a long. As
much better than being
bed fast, I was like
that for about 11 months
Honey you all come
see. I'll come over
some weekend you have
off, yes I knew about
Dove, she really has
had a time of it,
Love to all
